

# LARE Cost-Share Program

## MILL CREEK-BLUE RIVER WATERSHED PROJECT

### LAKE AND RIVER ENHANCEMENT COST-SHARE PROGRAM

The Mill Creek-Blue River Watershed Lake and River Enhancement (LARE) cost-share program provides landowners with financial and technical assistance to install best management practices (BMPs) within the watershed. The BMPs must address water quality concerns. Reimbursement will follow the installation and approval of the projects installed by landowners.

Best Management Practice	Maximum Cost (80% will be covered by cost-share)
Blind Tile Inlet	\$500 each **IP
Closure Waste Storage Facility	\$10000/facility
Conservation Tillage-No-Till	\$20 max. 300acre/year *FR
Cover Crop	\$35/acre max. 300acre /year *FR
Critical Area Planting (342)	\$450/acre **IP
Diversion	\$4.50/ft
Fence	\$2.50/ft
Field Windbreak	\$450/acre
Filter Strip	\$650/acre
Forage and Biomass Planting	\$150/acre
Grade Stabilization Structure	\$6000/structure
Grassed Waterway	\$6.00/ft
Heavy Use Area Protection	\$1500/site
Integrated Crop Management–Nutrient Management (590) & Pest Management (595)	\$20/acre max. 300 acre per year *FR
Livestock Watering Facility— Pump, Spring development, Watering Facility and Pipeline	\$1500/facility
Livestock Watering Impoundment— Pond	\$5000/facility
Sediment Basin	\$3.00/cubic ft
Streambank Protection	\$50 /ft
Tile Riser Grassed Buffer— Conservation Cover (327)	\$250 each **IP
Tree Planting	\$450/acre
Waste Management System Containment system– waste storage facility (313) Waste Utilization (590)	\$2000/facility \$0.01/gallon \$0.075/cubic ft Or \$2.50/ton
Water and Sediment Control Basin	\$1700/basin
Watercourse Outlet Buffer— Conservation Cover (327)	\$125 each **IP
Wetland Development and Improvement	\$1000/acre
<b>* Flat Rate /acre</b>	<b>** Incentive Payment</b>
